REMOVABLE BASE PLATE

VARIETY OF INTER-CHANGEABLE POS COMPONENT BRACKETS OR STANDARD BLIND PLATE

Available Sizes
15", 17", 19"

The K-View V is an Outdoor Kiosk with the ability to be anchored with POS Accessory Panel and various components. All outdoor units must include the Solid State Heat/Cool device to withstand the outdoor environment. This unit contains a hood/visor and front accessory panel for a variety of component assembly. Front access is through a secure hinged door that opens out allowing ample space to everything. Built for low maintenance, heavy abuse. Nema4x (IP65)

All sensors are optically bonded with our revolutionary "K-BOND" solution. Eliminates air gap, eliminates moisture build, eliminates heat build up, increases visibility, increases strength, increases heat transfer. If it aint "K-Bonded", it aint ready for the outdoors!

SUNLIGHT BRIGHT: 1000 nit, 1200 nit, 1500 nit.

NOTE: DO NOT Face directly east Or west.

DOWNLOAD MUSIC TO ANY MP3 DEVICES WITH THE KVIEW V!

UP TO FIVE ADAPTOR CABLES.

KIOSK DIMENSIONS

Power Requirements

- 120/240 VAC / 10 Amp. 12VDC - 24VDC Universal auto-switching power supplies inside.
- UPS Power unit with battery backup is best placed at power source location.

Typical Installation

- A. Power lead in to be supplied by customer. See electrical handbook for length/gauge.
- B. Recommendation for existing slabs/marble. Use Chemical Anchor 1/2" Foundation Bolts nuts and lock washers 4 places.
- C. Concrete base min. 4" thick. Slab must be level/flat.
- D. 6 Ft. Grounding Rod with copper connecting wire to 1 foundation bolt.

Foundation / Base Plate

NOTE: The main Power Supply Cable must be wired through a conduit jacket (min. height of 18" from top of concrete pad) This conduit jacket is passed thru the 2.0" diameter access hole located on the base plate "B". The cable must be 48" (4'-0") from top of concrete foundation pad connecting to a (3) post terminal strip, "L", "N", "Gnd" clearly marked, located on the electrical panel of your kiosk. This installation should be performed by a Certified Electrician.
